

Investment Fundamentals

Synthetic sample knowledge-base document for local RAG testing

Overview

A general educational overview of diversification, risk, return, asset classes, and investment horizons.

Key Information

1. Diversification spreads exposure across different assets or investments.
2. Higher expected return is generally associated with higher uncertainty or risk.
3. Investment horizon describes how long an investor expects to keep funds invested.
4. This document is educational and is not personal investment advice.

RAG Test Notes

This document is intentionally concise and contains distinctive terms so that semantic retrieval can identify it when a user asks a related question. It is sample content and should not be treated as professional, legal, medical, financial, or regulatory advice.
