

Life Insurance Basics

Synthetic sample knowledge-base document for local RAG testing

Overview

Fundamentals of life insurance coverage, beneficiaries, premiums, and policy terms.

Key Information

1. Life insurance provides a benefit to named beneficiaries when covered conditions are met.
2. A premium is the amount paid to keep a policy active according to its payment schedule.
3. A beneficiary should be reviewed after major life events such as marriage, divorce, or the birth of a child.
4. Policy exclusions and conditions vary, so the policy wording is the authoritative source for coverage decisions.

RAG Test Notes

This document is intentionally concise and contains distinctive terms so that semantic retrieval can identify it when a user asks a related question. It is sample content and should not be treated as professional, legal, medical, financial, or regulatory advice.
